

BUILDING COMMITTEE MEETING
DISTRICT 280
FEBRUARY 9, 2010

Present were Mr. Prusator, Jim Lauer, Jim Strouss, Tom Bauer, Cathy Burke and Ed Hartsell.

Discussed sign design and location.
Also discussed were IDOT specs for signage.

Jeff asked about different sign companies, Watchfire, Daktronics and Fairplay. Ed stated that Fairplay just got into message boards and that it is harder to get parts from them as well. Daktronics parts are not a problem. Daktronics has 5yr warranty and 1 yr labor.

Ed stated it would be a turnkey delivery and use union labor.

Jim Lauer asked if they were willing to separate brick and brick labor. Ed said he would give all specs to us and possible savings using our own brick.

Jeff asked ballpark estimate for sign. \$34,000 plus \$5000.00 for base total \$39,000.

Two designs pole design and monument style. Ed will draw 2 designs one with wider base for pole design and monument style.

Ed commented that he would need a 4-week lead-time.

Meeting adjourned at 8:28 am

Cathy Burke
